

## **COVID19 LOCKDOWN UPDATE**

01 APRIL 2020

KSD Executive Mayor has visited various places around town including supermarkets and post offices. The purpose of the visit was to monitor public compliance with the lockdown and related regulations.

We commend citizens who comply with the lockdown regulations. However, in most supermarkets there is a need to strengthen supervision and enforce compliance. Executive Mayor found many people standing in long queues of over 100 with total disregard of social distancing.

He also visited pensioners to assist them and ensure that they are safe and protected.
