

## **TEMPORAL PERMITS FOR HAWKERS**

As from Monday (13th April 2020) the KSD Municipality will start issuing temporary permits allowing informal food traders to operate during the lockdown period as providers of essential services.

This is in line with last week's announcement by Co-operative Governance Minister Nkosazana Dlamini-Zuma that all spaza shops and informal food traders (fruit and Veg) would be permitted to trade on condition that they had municipal permission.
