

## PUBLIC NOTICE NUMBER 22

### PROPOSAL REQUEST OF FUNDING FOR PROCUREMENT OF FLEET

This notice is hereby given in line with the requirements of section 17, 19, 33 and 46 of the Municipal Finance Management Act No.56 of 2003.

In line with this, The King Sabata Dalindyebo Local Municipality has over the past five years been struggling to bring quality services to the community due to shortages of fleet. This includes maintenance of access roads, tarred roads, potholes, waste collection, fire response, and all other services required by the community.

The recent disaster which affected several KSD wards due to torrential rains has also contributed to a lot of huge service backlogs. However, the Municipality is working around the clock to correct this with the current available fleet.

The municipality previously acquired fleet in 2018 and the current fleet is not sufficient to service all KSD 37 wards. To change this narrative the institution is therefore looking for funding to purchase additional fleet required to service all the 37 wards of the municipality.

The municipality requires an estimated amount of R165 million finance/loan for the procurement of fleet. The security for the finance/loan required will be the fleet that will be acquired. This finance is estimated to be paid back by KSD over a period of 60 months and the repayment of the funds will come from the KSD revenue collection.

The institution appeals to the local community and other interested persons to submit comments or representations in respect of the proposed funding/finance required.

Enquiries regarding this notice or submissions must be directed to Mr EF Jiholo ([EricJ@KSD.GOV.ZA](mailto:EricJ@KSD.GOV.ZA)) or Mr D Mkhokotho ([DumisaniM@ksd.gov.za](mailto:DumisaniM@ksd.gov.za)) before 19 April 2023.
